

Bad weather, great team spirit

The rain pours down and the outdoor programme falls by the wayside. No problem, we can put on entertaining indoor activities at very short notice. Encourage playfulness and a sense of belonging among employees with the Hungarian national pastime of the Rubik's Cube or a brain-teasing competition.

Alternatively, reward your tireless knowledge workers with cake and confectionery specialities from the time-honoured Gerbaud Coffee House in the heart of Budapest. And then burn off the excess calories with an activities session in the function room of the former imperial confectionery building.

We have no doubt the infectious Latin dance-fitness craze of Zumba, the fun and easily learned steps of Hungarian folk dance or a full-blooded karaoke contest will stir up the passions and foster togetherness among your loyal crew.

We are there for you:
