

## A healthy body and a sharp mind

We also offer sport and fitness evergreens such as five-a-side football, squash and volleyball – booking high-quality facilities near your accommodation to supplement your team training.

And what better way to wind down your team-building event than with a wine-tasting session in the Royal Wine House in Budapest's historic Castle District? Here, you will find a hand-picked selection of the finest Hungarian wines served with a romantic view of the illuminated River Danube.

We are there for you:
