

## Lánchíd 19 Design Hotel

*Capacity: 48 rooms*

It is best to approach the Lánchíd 19 Design Hotel after sundown, when the changing colours of the façade are visible across the Danube. Situated on the western bank of the river, this four-star hotel boasts a cosmopolitan interior that attracts both city tourists and conferences organisers with a taste for the exclusive. In addition to the panoramic views of Pest, corporate entertainers are drawn by the three event rooms with total capacity for 100 people. Particularly popular for its pleasant dining and intimate environment, the highlight of the restored cellar restaurant is a water mill dating back to the 14th century.
