

## Continental Hotel Zara

*Capacity: 272 rooms*

The impressive art nouveau portal of the Continental Hotel Zara is the gateway to an oasis of calm. At the heart of the superior-class four-star hotel is a lobby combining modern and art deco elements and opening onto five conference suites. These spaces are ideally suited to meetings, workshops and conferences with a total of 300 participants. And what better way to complete a long day of meetings than with a sundowner by the open-air pool of the hotel's roof garden?
