

## Kempinski Hotel Corvinus

*Capacity: 366 rooms*

In the heart of Budapest between the Danube and Andrásy Boulevard, the Kempinski Hotel Corvinus provides a counterpoint to the dominant *fin-de-siècle* art nouveau architecture of the surrounding area. The customer-centric ethos of the five-star Corvinus Hotel is more than befitting of the strong service culture of the new millennium. In addition, the latest office and conference technologies in the Business Centre allied to 14 entertainment suites with total capacity for over a thousand dinner guests put the Kempinski Corvinus Hotel in the top division of Budapest business hotels.
