

Corinthia Hotel Budapest

Capacity: 420 rooms

Both the former Grand Hotel Royal and the attached Royal Spa from 1886 have been lovingly restored as the Corinthia Hotel Budapest to attract both the international jet-set and companies from all over the world. Luxury accommodation and exclusive conference and meeting facilities are the key to the success of this centrally located five-star hotel. If the Grand Ballroom with capacity for 300 conference and dining guests proves too small for your event, simply hire the neighbouring Valetta Conference Centre, which is easily accessible via a glass bridge. The building's exhibition and meeting rooms offer an additional 740 square metres and capacity for 450 dinner guests.
